Activities at Children's Church will usually take place within the Church grounds. The children will be encouraged to play together in a safe manner and may do some simple cooking on occasions with adult supervision. For unusual activities or those off-site parental permission will be sought. Teachers in the St Michael's Children's Church programme are volunteers. They have been carefully selected and have undergone both a police check and a Working With Children Check. Please speak to the Vicar or Churchwardens at any time if you have concerns about your child or regarding any child-related matters.
